Capacity: 50 ltr

Box size and weight:
16x13x52cm / 1.35kg

When full of water:
35cm diameter x 53cm high

Assembly Instructions

- 1** Unpack the contents of the box and ensure all parts are correct.
- 2** Unfold and open your blue FlexiTank.
- 3** Attach the tap to the bottom of the FlexiTank by pushing it through the hole, keeping the tap at a 90 degree angle anticlockwise (until the tank is full - see 6), ensuring there is a rubber on the outside and the inside of the tank and tighten the nut as tight as possible.
- 4** Insert all support poles into the side sleeves of the FlexiTank.
- 5** The Flexitank is now ready to be turned upright and moved into place. Ensure that the Flexitank is placed on a flat and smooth surface to prevent damage to the plastic.
- 6** Fill the Flexitank. Once full with water, twist the tap 90 degrees clockwise to the correct position.
- 7** The FlexiTank comes with a 1 year guarantee, covering manufacturing defects. Any misuse of the product is not covered by the guarantee.
